

LIBERAL ONE

*Not all bones are skulls,
but all skulls are bones.*

LIBERAL ONE

THE FIRST LIBERAL RIGHT

Liberalism is as intolerant as it gets for it is about the individual. And individuals are intolerant. Intolerant of war, intolerant of dictators, intolerant about getting shot at protests, intolerant about losing their rights to liberty, freedom and way of life that they fought for for generations, Liberalism is and will always be a set of duties and responsibilities. Set of duties and responsibilities they are willing to go to war for. And have been at war for for most of the century.

Rigid Individual one.

In that case tell yourr father not your mother.

Dine in your Man Cave Dynasty.

Willingness to act on your possesion.

Capability. Asset. Class.

It is a class question or a question of inteligence and piecing together the larger pictures.

I am feeding the world industrial waste because its marginal cost is 0.

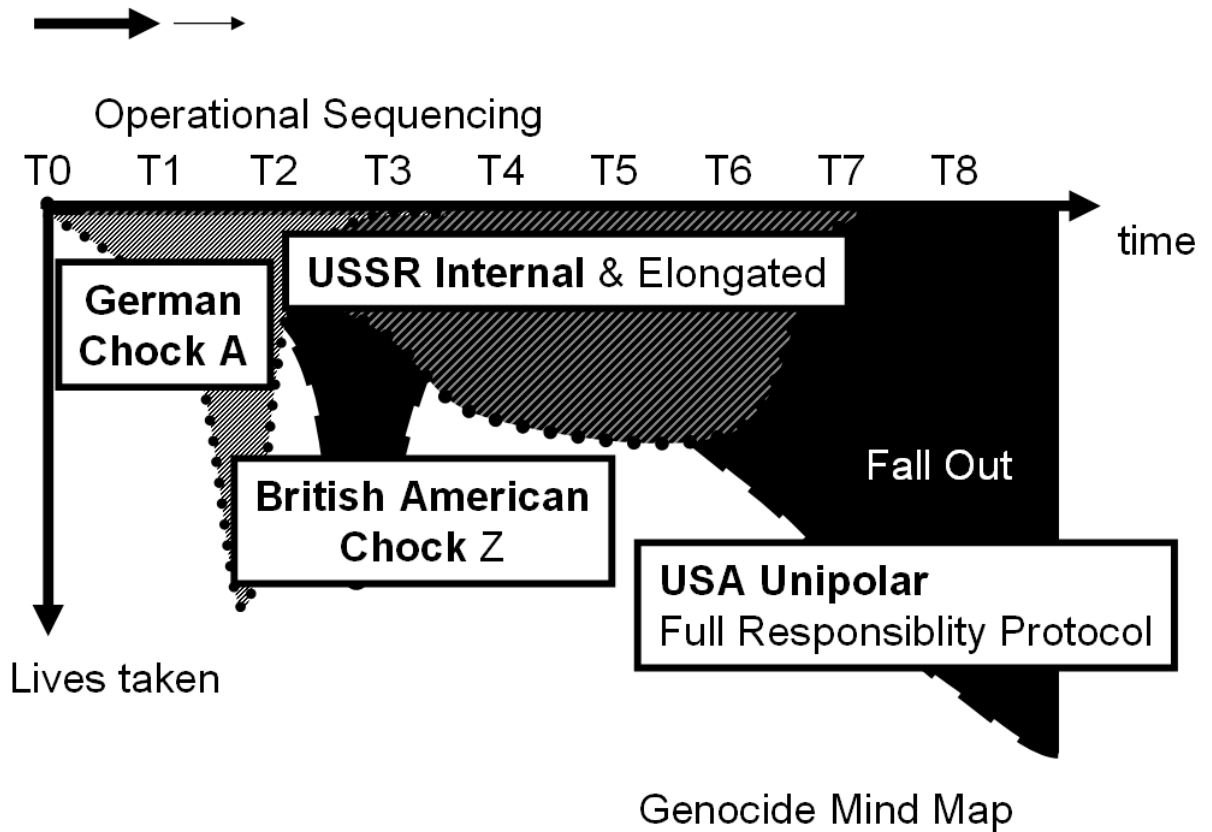

Maybe Z Germans can feed all the mouth. After all they are more of the bread type of people, than Z Circus. Let Z Americans do zhat one! Its a big pie! The Entertainmet Pie!

Zelinsky was a liberal preforming artist once. Than he took a stand.

Now he spent 63 billion USD and tested my favoruite weapoons systems while detsoroying much of the soviet stock pile of old weapons!

My plan complete, the Soviet Union was no more!

Liberal, take a stand, for it is I for who I make a dent in time and a dent in rock to form a home for self, family, nation and the whole thrird rock.

The individual likes his home his street his country in peace.

For him or her to get her way in the open liberal market they do interact, beyond the social.
